WORK EXPERIENCE

FOUNDER & CEO - Logic Idea Studios, Inc.
📍 Timișoara, RO

JULY 2015 - PRESENT

In July 2015 I created my first IT Startup which operates in the web and gaming development area. Currently, I'm growing this business as a web developer working with latest technologies in the CEO position.

SOFTWARE IMPLEMENTATION CONSULTANT - UnifiedPost SRL
📍 Timișoara, RO

SEPTEMBER 2014 - JUNE 2016

As an implementation consultant I worked on various projects and implemented new features as much on new projects as on the old project inside the company. As technologies, I worked with Ruby on Rails, PHP, MySQL, XML, HTML/CSS, SASS and local scripting language called UMS.

SURVEY PROGRAMMER - Toluna SRL
📍 Timișoara, RO

JULY 2013 - SEPTEMBER 2014

As a survey programmer I worked most with HTML / CSS, Javascript and jQuery on a platform called Confirmit in which I created and tested from top to bottom a few hundred survey links in over a year + ¼.

EDUCATION

MATHEMATICS INFORMATICS, INTENSIVE - ENGLISH

BACCALAUREATE DIPLOMA

I was an above average student among my class-mates in highschool. Since then I started to discover my love for computers and programming.

BD 📍 Science High School, Petroșani

COMPUTER SCIENCE

BACHELOR OF APPLIED SCIENCE

As main field of study for the first two years was Physics and then, in the last year, came Computer Science only as an add-on for me.
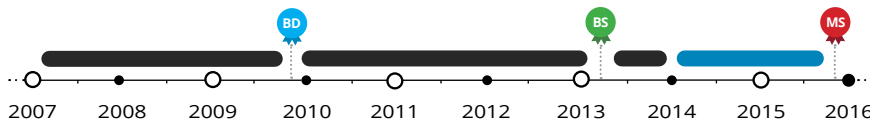

BS 📍 West University of Timișoara

### INFORMATION SYSTEMS AND TECHNOLOGIES

MASTER OF SCIENCE

In addition of my bachelor degree in computer science came this master of scince where I've learned a few extra things about programming itself.

MS 📍 Faculty of Mechanical and Electrical Engineering, Petroșani
